

General Baggage Office,

E & N. A. Railway.

Bangor, March 1872.

The General Baggage Agent of this line sends greeting to all General Baggage Agents on the several lines of Railroads from the Atlantic to the Pacific, forming a direct line of travel from the East to the West, and would ask as a special favor that you will pass this Baggage, checked E. & N. A. Railway, checked at St. John, N.B., for San Francisco, Cal., and on its arrival to be re-checked for St. John, N.B., and have the person in charge of Baggage at points of transfer enter on Way-Bill the date and hour of arrival and departure, and give it speedy passage over your several lines, that we may publish a Journal of Travel on its return to St. John, and show the traveling public the shortest time from shore to shore.

H. T. Clark,
General Baggage Agent.
